

# GLIX IRIS

## *In-Room Experience Redefined*

*Guests today are looking for a place that takes care of their needs seamlessly. Its our endeavour to bring a new level of seamless convenience to guests. With Glix Solutions, guests can access entertainment and hotel services right from their TV.*

To satisfy this demanding luxury the Interactive In Room Infotainment System (IRIS) was conceived. Imagine the guest being able to do the following on the TV during their stay at your hotel.

- *Receive a personalized welcome message when they switch on the TV.*
- *Get interactive information on hotel facilities like Restaurants, Gym, Spa etc.*
- *View bill, initiate express checkout from the room & reduce checkout time.*
- *Play their favorite media files from Pen drive, External Hard disk.*
- *Watch their favorite movies on VOD.*
- *Receive promotional messages and offers from the hotel.*
- *Get alerts / messages from the hotel.*
- *Control multiple devices in the room using a single remote.*
